## LOCATION & MARKET

# OVERVIEW

Chambersburg Logistics Park is ideally located on the I-81/78 Distribution Corridor in Chambersburg, PA, already established, yet under-served, center for many national retailers, eCommerce companies, and third-party logistics firms. The corridor is located within a four (4) hour drive of Baltimore, Washington DC, Pittsburgh, Philadelphia and New York City, making it one of the most critically important industrial markets in the nation.

Businesses are highly attracted to Chambersburg's excellent location, which is ideal for reaching industrial and consumer markets of more than 100 million people by truck, rail, sea or air. Chambersburg is within 500 miles of half the U.S. population; under a two-hour drive from major cities such as Washington DC and Baltimore, and within a day's drive from other northeast metropolitan centers, including Philadelphia, New York City, Boston and Toronto. Interstate 81 is immediately accessible from the site and connects to other major highways and arterial roads, such as Interstates 76, and 70.

## CHAMBERSBURG LOGISTICS PARK

250 ALLEMAN ROAD  
CHAMBERSBURG, PA

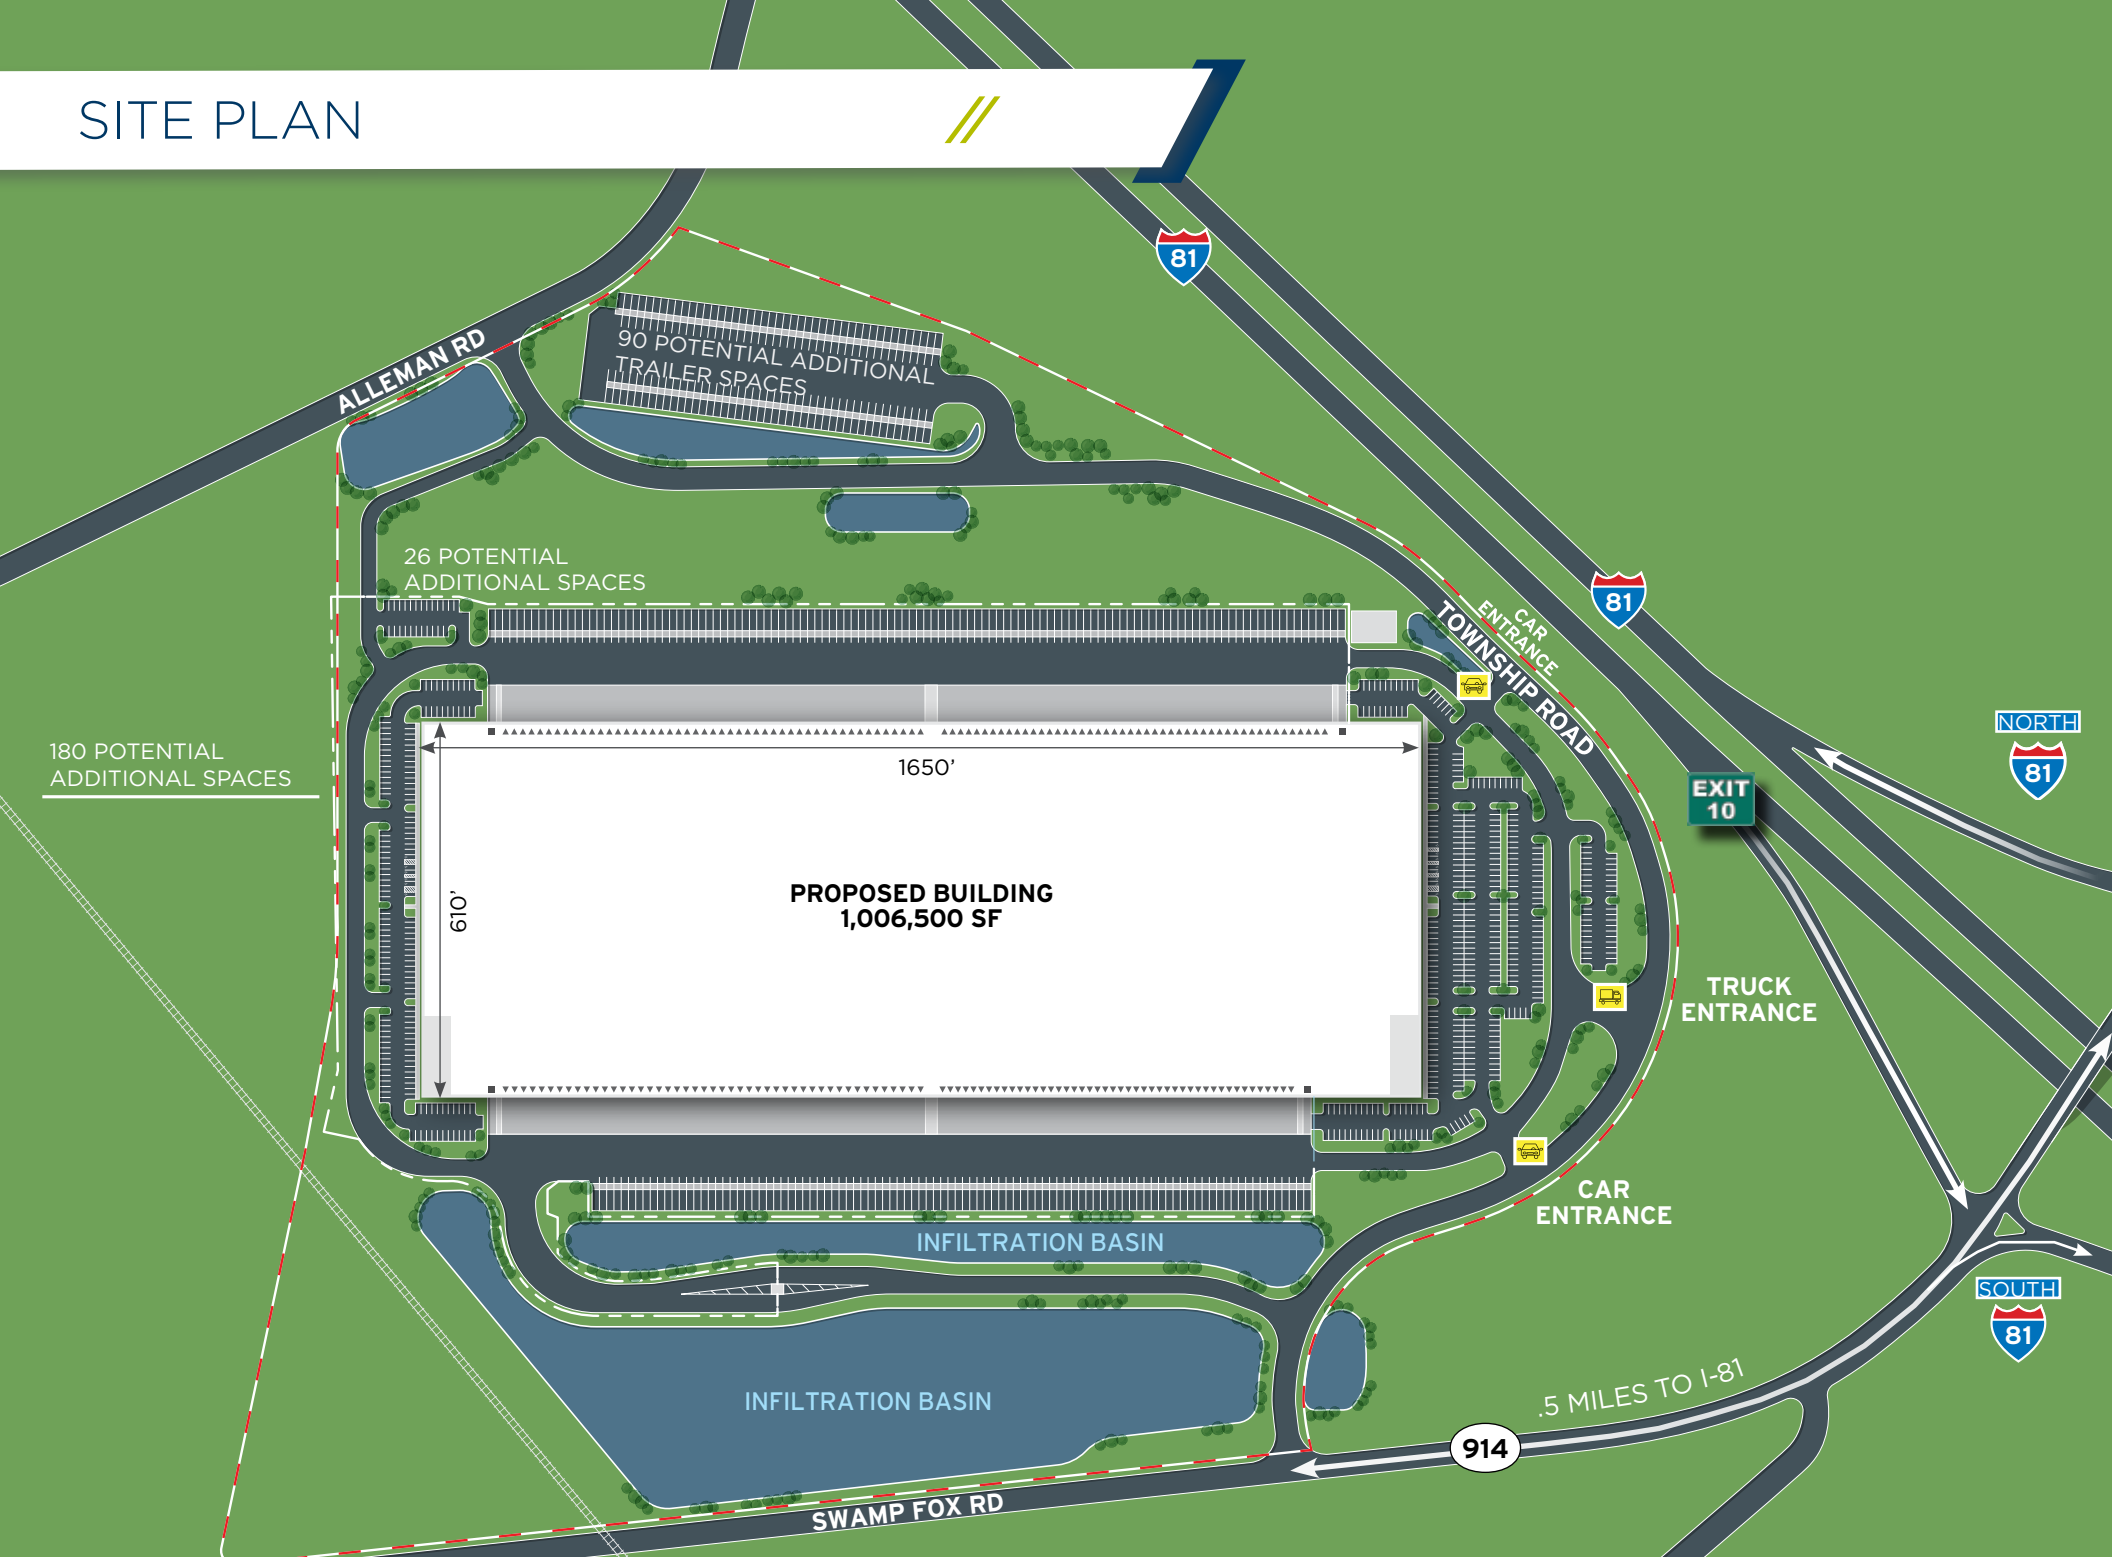

Chambersburg Logistics Park is strategically located on the I-81/78 Distribution Corridor in Chambersburg, PA, an already established, yet underserved, center for many national retailers, eCommerce companies, and third-party logistics firms. The corridor is located within a four (4) hour drive of Baltimore, Washington DC, Pittsburgh, Philadelphia and New York City, making it one of the most critically important industrial markets in the nation.

The I-81/78 Corridor is one of the largest and fastest growing industrial markets in North America. The driving factors of the market include multi-modal infrastructure, low operating costs, regional parcel and freight hubs, a high concentration of 3PL carriers, a super-regional highway network and an abundant labor force. Perhaps the largest driver is the outbound capability of this region, which provides access to over one-third of the United States population and more than one-half of the Canadian population within a one-day drive.

## BUILDING SPECIFICATIONS //

ADDRESS	Chambersburg Logistics Park 250 Alleman Road (Exit 10 of Interstate 81)
BUILDING DIMENSIONS	610' x 1650'

# LABOR & POPULATION OVERVIEW

## CHAMBERSBURG LOGISTICS PARK

The property is strategically located within a 10-minute drive to the heart of Chambersburg. The labor supply in this area surpasses the national average, with a population of 64,315 people (ages 16+) within a 15-minute drive time. Of that population, 51,732 people are actively employed in the labor force. The population increases to 469,725 people within a 45-minute drive time. Franklin County has sustained positive growth in its population and labor force in recent years.

In comparison to the national average, Franklin County is considered a hotspot for blue collar employees. When broken down by drive time, the percentage of blue collar employees is 29.0% within 15 minutes, 28.8% within 30 minutes, and 27.4% within 45 minutes.

Overall, the blue collar workforce and total population in and around Franklin County has made the area highly attractive for industrial warehousing.
